

SHARP FIGHTING ABOUT MAFEKING

Garrison Made a Sortie on April Second But Was Repulsed

PLUMER DRIVEN BACK

Bold Move of Boers in Making Direct Advance Upon Bloemfontein

DARING TACTICS OF BOTH

Pretoria, April 5.—[Special Cablegram]—There was sharp fighting at Mafeking on April second. The garrison made a sortie and Plumer's cavalry attacked the Boers at Ramathlabana Station. Both the British forces were repulsed.

Plumer Enters the Transvaal. Gaborone, April 5.—[Special Cablegram]—Plumer has marched into the Transvaal, twelve miles from Zeerust endeavoring to attack the communications of the Boers who surround Mafeking.

Henning in Roberts. Bloemfontein, April 5.—There are numerous indications that, in pursuance of their boast that they will recapture Bloemfontein, the Boers are trying to surround the town and to cut our line of communications to the south. Large forces are reported east and south, which are supposed to be making for the railways. They still held Thaba N'Chu and the waterworks.

Lord Roberts is completing his concentration. From 4.7 guns and four navel 12-pounders have been mounted on kopjes commanding the plain. The cavalry camp has been removed to a better position northeast of the city. Special precautions are being taken to protect the railway southwards.

Several arrests have been made in the town of persons suspected of giving information to the Boers. The railway to the north is in possession of the British as far as Kamek Siding.

Boers Are Across the Modder. London, April 5.—The Bloemfontein correspondent of the Times says: "The Boers are across the Modder in some force, east of Bloemfontein. Our mounted infantry have been in touch with them all day at Bushman's Kop, twelve miles distant. The late mishap will not be wholly unfortunate if it clearly exposes the unwisdom of the policy of leniency, which is not adapted to the present situation."

BOERS MAKING A BOLD MOVE

Street Advance is Under Way Upon Bloemfontein. London, April 5.—Lord Roberts is concentrating his troops around Bloemfontein and big naval guns have been mounted upon kopjes commanding the approaches to the Orange Free State capital. The Boers are advancing with the intention of attempting to make good President Kruger's statement that he would retake Bloemfontein before many weeks. With the exception of the seventh division, which holds Kamek Siding and kopjes near there, and the troops along the railway to the south, Lord Roberts has all his divisions close to Bloemfontein. The Boers seem to have adopted the plan of assailing the British communications and a commando is reported to be operating in the neighborhood of Springfontein with this intention. Gen. Gatacre, who has a comparatively small force, will have to repel this move or else the commander-in-chief will find his communications gone.

This dispatch from its special correspondent is published by the Daily Telegraph. "Bloemfontein.—The Boers are advancing in a good manner from the east and our troops are slowly retiring. The enemy appeared before Bosman's kop, which was held by a few cavalry and mounted infantry. Our men were ordered to retire, and the Twelfth lancers were sent to assist in the movement. The head of Gen. Clements' column has arrived. The men are almost fit. The imperial yeomanry are being brought forward. The Boers now declare that they intend fighting the decisive battle of the war within the Orange Free State. Only four officers and men of battery Q have returned. Gen. Sir Henry Colville's division has returned. Our big naval guns have taken positions upon the surrounding kopjes. Our cavalry patrols are still watching in the vicinity of Bushman's kop. Col. Broadwood's column lost the whole of their kit. It must be remembered that the cavalry are numerically weak."

Iowa Women May Not Vote. Des Moines, Ia., April 5.—The senate defeated woman suffrage yesterday, the

vote standing 24 for, 21 against. There was no discussion on the resolution.

COAL TRUST SOON COMPLETED

Vanderbilt, Morgan and Cassatt to Control Output of the East. New York, April 5.—J. Pierpont Morgan and W. K. Vanderbilt met tomorrow or the next day in London, and it is declared that Mr. Morgan will turn over to Vanderbilt the three great railroads in his control—the Reading, the Erie and the Lehigh Valley. As a result of this deal Mr. Morgan also completes his giant coal trust. With the acquisition of the Norfolk & Western by the Pennsylvania company the coal production and coal transportation of the east is so bottled up that it can be controlled by three men—W. K. Vanderbilt, J. P. Morgan and A. J. Cassatt.

GOES REPUBLICAN BY 10,000

Rhode Island Gives That Majority to Gregory for Governor. Providence, R. I., April 5.—Returns from thirty-six election districts indicate that Gregory, Republican, for governor was elected today by about 10,000 majority. The assembly will be strongly Republican, and the re-election of Senator Wetmore is assured.

VICTORIA WANTS TO NAME HIM PATRICK

Suggests an Irish Name for the New Son of the Duke of York.

Dublin, April 5.—[Special Cablegram]—Queen Victoria has caused it to be made known that she has suggested to the Duke of York that the son recently born by his wife be named Patrick in honor of Ireland's saint.

The queen's reception yesterday and today was an unqualified success, her majesty is very much pleased with the cordiality displayed by the people.

During the day the queen, through Sir Arthur Bigge, her private secretary, sent the Lord Mayor a message, saying that she was not over fatigued by the morning's drive and had been deeply touched and gratified by the welcome she had received. The message concluded as follows:

"Her Majesty looks forward with much pleasure to her stay in Ireland."

Later, through Sir Matthew White-Ridley and Earl Cadogan, the queen officially conveyed to the Lord Mayor the following:

"Convey to the Lord Mayor and citizens of Dublin the sincere thanks of the queen for the loyalty and enthusiasm of the greeting which Her Majesty received during her progress through the beautifully decorated route."

"The queen is happy to be once more among her Irish people, from whom she has again received so warm a welcome."

AGREE TO RESIST THE STATE COURTS

Kentucky Republican Leaders Will Submit Only to the Decision of the Supreme Court.

Louisville, Ky., April 5.—[Special Telegram]—At a secret conference of Republicans attended by Taylor, Collier and other leaders, at an early hour this morning it was decided to ignore the decision of the state court of appeals in the gubernatorial case and resist by arms if necessary any attempt of Beckham to capture the state house. They will await the action of the United States supreme court and if Beckham gets it, Taylor and Marshall will be immediately renominated again.

SOME FEATURES OF THE COOPER BILL

The House Will Attempt to Amend the Senate Porto Rican Measure.

Washington, April 5.—[Special Telegram]—The republican members of the house committee on insular affairs met this morning and discussed the course of procedure to be taken in regard to the Porto Rican bill as passed by the senate. It is understood that some of the features of Chairman Cooper's civil government bill will be substituted for certain provisions of the Foraker bill. It was decided that a caucus of house republicans will be held tonight or tomorrow.

GREAT FIRE LOSS AT MENOMINEE, WIS

Business Block Totally Destroyed Today—Loss Will Reach Over \$200,000.

Menominee, Wis., April 5.—[Special Telegram]—The Spies building the largest business block in Menominee was totally destroyed by fire early this morning. The loss on the building is estimated at \$300,000 with \$12,000 insurance. The total loss to building and firms is estimated at \$200,000.

BADGER TEACHERS TO MEET AT RACINE

SEVEN HUNDRED EXPECTED FRIDAY AND SATURDAY.

Largest Gathering of the Kind Yet Held By the Southern Wisconsin Teachers' Association.—Leading Educators From All Parts of the State to Take Part.

Racine, Wis., April 5.—It is estimated that 700 teachers will be in Racine tomorrow and Saturday to attend the Southern Wisconsin Teachers' association. Of this number 400 have been provided for at the homes of citizens; 100 will stay with friends and the balance are to be housed at the hotels. The local committee says it will be the largest gathering of the kind yet held by the association. Leading educators from every section of the state will be here and take part in the program.

The special attraction will be two addresses by Dr. S. H. Clark, professor of oratory, Chicago university; Prof. W. S. Johnson, inventor of wireless telegraphy, will give a demonstration of the invention; Jessie L. Gaylor, noted composer and singer, will give a song recital. J. H. Natrass of Shullsburg, president of the association, will preside.

Mayor Higgins will deliver the address of welcome at 9 o'clock tomorrow morning. Following will come an address of some lines of work in the organization and development of our school systems, by State Supt. L. D. Harvey and the discussion will be led by E. A. Birge and Elbert Hardy. Other papers and discussions will follow.

At 2 o'clock in the afternoon the high grade section will meet, the grade section, common school section and at the Guild hall across the street the school board section will meet and President John Sieb will deliver an address of welcome.

Saturday at 9 a. m. will come the election of officers, followed by paper and discussions. At the close of the session tomorrow night an informal reception will be tendered the visiting teachers by the teachers and citizens of Racine.

Modern Woodman Picnic

Madison, Wis., April 5.—At a convention of the Modern Woodmen here it was decided to hold the annual picnic of the order in this city June 5. It is expected that 40,000 persons from southern Wisconsin and northern Illinois will attend the picnic. Fifty delegates were present at yesterday's convention. The gathering concluded with a banquet of 100 covers at which Col. A. H. Hollister of this city, acted as toast master.

Justice Brewer Will Speak

Madison, Wis., April 5.—The announcement was made yesterday that David J. Brewer, associate justice of the supreme court, has been secured to deliver the annual commencement address before the law school. The invitation was sent him some time ago and the faculty of the law school are much pleased over their success.

DARK DAYS FOR ITALY

Italian Press Views the Future With Misgiving.—Political Situation Excites Uneasiness.

Rome, April 5.—The political situation engenders public attention to the exclusion of all other topics, many men in public life looking to the future with unmistakable signs of misgiving. The protest of the radical opposition in withdrawing from the Chamber of Deputies yesterday marks the beginning, it is believed, in many quarters, of a fierce agitation throughout the kingdom.

The Milan Tempo, writing of the political outlook today says:

"The saddest and most trying times are approaching for Italy. The popular conscience has lately been wonderfully awakened. The Deputies who yesterday walked out of the Chamber in indignant protest against the action of the ministry will all the more strenuously prosecute the battle among the population of the kingdom."

"Italy must regain liberty in political action or freedom will cease to exist."

THE INVITATION MAY BE WITHDRAWN

Dewey's Political Ambition May Cause Abandonment of His Chicago Visit.

Chicago, Ill., April 5.—[Special Telegram]—Members of the Dewey Day committee are put out over the action of the Admiral in entering politics. They will hold a meeting Tuesday to decide what action to take in withdrawing the invitation from him to be a guest of the city. Chairman Clark threatens to resign, but will not do so until the committee reaches a decision.

Devey the Guest of Honor.

Washington, April 5.—[Special Telegram]—Admiral Dewey and wife left here this morning for Philadelphia. They will be the guests of honor at the soldiers and sailor concert this afternoon.

To Swap Chinese Ministers.

Shanghai, April 5.—[Special Cablegram]—The foreign office recommends that Yuen Chang succeed Wu Ting Fang as minister to Washington.

ROSE IS SATISFIED WITH BEING MAYOR

HAS NO HIGHER POLITICAL AMBITION JUST NOW.

Milwaukee Democrats Will Hold a Grand Ratification Meeting Tomorrow Night—Two Populist Aldermen Elected From the Sixth Ward Were a Surprise

Milwaukee, Wis., April 5.—Mayor Rose has been kept busy receiving congratulations on his success in Tuesday's election. His supporters began to celebrate as soon as victory was assured and kept up the jubilation all yesterday and last night. Plans for a ratification meeting tomorrow night are being laid.

In addition to the congratulations of Milwaukee citizens letters and telegrams have been received by hundreds many containing suggestions that the mayor become a candidate for congress or for vice president.

"I have had fight enough to become mayor of Milwaukee," said his honor, "and mayor I propose to remain for the next two years. That is good enough for me and all I want."

The people of Milwaukee voted in favor of municipal ownership of an electric lighting plant and this administration will undoubtedly carry out its pledge and establish such a plant.

Two Populist Aldermen

One of the most remarkable results of the campaign was the re-election of Aldermen Fass and Smith in the Sixth. They both ran on the Populist ticket. Mr. Fass worked hard for his re-election, but Mr. Smith did not go out of his home to solicit a single vote. While the ward went fifty Republican, Messrs. Fass and Smith went in by 439 and 308 respectively.

K. of P. Will Go to Detroit

The annual meeting of the Wisconsin brigade, Uniformed Rank of the Knights of Pythias, was held at the Uihlein building yesterday. The session closing last evening. There was no election of officers of the brigade, as the elections are held but once in four years, the last one having been held last year. The most important business of the convention was to decide the question of attending the annual national encampment in Detroit in the last week of August, this year. Fifteen companies were represented at the convention yesterday, but returns received indicated that about twenty companies from this state would attend the encampment.

Carl Schurz Will Orate

Carl Schurz, the great German orator, has accepted the invitation of the Milwaukee Musical society to attend the golden jubilee of the organization that will be held in this city the first week in May. The committee in charge hopes that he may be persuaded to attend the "Commemorations," but if he does not speak at that time it is probable that he will be heard at the Exposition music hall on Thursday, May 3, the night of one of the two great concerts. Gov. Scofield and Mayor Rose will represent the state and the city at the Commemorations, which will probably be held at the Deutscher club.

Dewey Will Not Come

A telegram was received here from Admiral Dewey, yesterday, announcing that he would not be able to come to Milwaukee when he visits Chicago in May.

HUNG HIMSELF ON BAR IN HIS CELL

Monroe Solonkeeper on a Drinking Spree Commits Suicide in the County Jail.

Monroe, Wis., April 5.—[Special Telegram]—Michael Klafey, who has been running a saloon in this city for some time past, got on a drinking bout several weeks ago which ended in his suicide this morning in the county jail. He leaves a wife and eight children in poor circumstances.

He was in Beloit for several days early this week and attempted to suicide with strychnine but the prompt application of a stomach pump kept him alive.

Early this morning he was found in his cell dead, hanging to a cross bar with his suspenders around his neck. His feet touched the floor and he must have died of strangulation.

TRYING TO PERFORM AN ACT OF JUSTICE

Sipido the Youth Who Shot at Prince of Wales Had Socialistic Accomplishes.

Brussels, April 5.—[Special Cablegram]—Sipido, the youth who tried to kill the prince of Wales, was examined before a magistrate this morning. He argued that he was trying to perform an act of humble justice. The boy had accomplices who it is believed were socialists.

Copenhagen, April 5.—[Special Cablegram]—The Prince of Wales will arrive here tonight. He will receive a great ovation.

BIT THE MAN'S TONGUE OFF

Joking Leads to a Fight Which Ends in Serious Results

Cincinnati, O., April 5.—Irwin Alexander, living at 310 Ann street, and Alfred Taylor began to joke each other today. The joking led to a fight, and Taylor knocked Alexander down and choked him until his tongue protruded from his mouth. When Alexander's tongue was out about an inch Taylor, in his rage, bit it off. The injured man hurried across the street to the hospital, where the piece of his tongue was skillfully sewed on. Taylor was arrested and charged with mayhem. Alexander is suffering from consumption, and is in a serious condition.

BISHOP FOWLER IS VERY ILL

Condition is Quite Serious But Doctors Are Hopeful of His Recovery

Buffalo, N. Y., April 5.—Bishop Fowler, of the Methodist Episcopal church, is seriously ill. He was obliged to take to his bed ten days ago. He improved for awhile but a recent relapse developed, and his condition is now quite serious. The bishop's condition showed improvement today, and his physicians entertain strong hopes of his recovery.

MAY GO THROUGH WITHOUT DEBATE

Leaders of the House Laying Plans to Pass Porto Rican Bill Speedily.

Washington, D. C., April 5.—The republican leaders of the house of representatives have been in conference all day trying to settle upon some plan for the disposition of the Porto Rican bill. They are much embarrassed by the absence of a large number of republican members who have gone home to look after their nomination.

During the next six weeks conventions will be held in nearly all the congressional district, and this is the most critical time for a majority of the republicans. It is a significant fact that the men who voted against the Porto Rican tariff in the house are in no ways doubtful as to their political future.

Nearly everyone of them will be renominated without opposition and with a "well done and good faithful servant" endorsement, but many members who supported the bill have been compelled to go home and make peace with their indignant constituents. Hence there is a small attendance in the house of representatives, and the sergeant-at-arms has been sending out telegrams to everybody.

Until a sufficient number has arrived no program will be determined upon. At first it will be necessary to ascertain whether the Porto Rican bill as it reads can command enough votes to pass it. If that can be definitely determined it will be put through under a gag law as soon as possible without debate.

OSMAN PASHA THE HERO OF PLEVNA

Leading General of the Turkish Empire Died at Constantinople Today.

Constantinople, April 5.—[Special Cablegram]—Osman Pasha, the hero of Plevna, is dead.

Osman Pasha was born in Asia Minor about 1835. He was a Turkish general. He served in the war with Serbia in 1876, and in the following year conducted the defense of Plevna against the Russians. He was compelled to surrender Dec. 10, 1877.

ELEVATOR BOY KILLED

Met a Horrible Death in Milwaukee by Being Crushed Between Elevator and the Floor

Milwaukee, April 5.—[Special Telegram]—William O'Connell, an elevator boy of the university building at Broadway and Mason street, met a horrible death this morning by being crushed between the ascending elevator and the floor of the building.

BIG SNOWSTORM IN WYOMING

Reported Fall of Thirteen Inches, Accompanied by Lightning.

Cheyenne, Wyo., April 5.—Thirteen inches of snow has fallen here, and the storm, which is general over southeastern Wyoming and western Nebraska, still continues. Stock will be greatly benefited. During the storm the snow was accompanied by sharp lightning, one bolt striking a house in East Cheyenne, and Miss Bessie Seals was seriously injured. A baby which she carried in her arms was not hurt.

Ancient Egyptian Porcelain

A sample of Egyptian porcelain found at Memphis was recently submitted to M. Le Chatelier for analysis, and the interesting fact was brought out that it was entirely different from the Chinese porcelain. This leads to the conclusion that the manufacture of true porcelain was known to the ancient Egyptians. To duplicate this particular kind of porcelain would require forty parts of blue glass, fifty parts of fine sand and five parts of white clay.

TURN DOWN FOR ADMIRAL DEWEY

His Presidential Candidacy is Not Agreeable to Either Party

BOMB A BLANK SHOT

Press and Politicians Are United in Condemning His Hasty Action

WIFE BELIEVES HE CAN WIN

Washington, April 5.—[Special Telegram]—Admiral Dewey says that he has concluded that McKinley will be nominated and that he desires to oppose him. He says he is open to conviction on financial and other questions.

New York, April 5.—[Special Telegram]—The Journal this morning quotes Admiral Dewey in an interview as saying: "I have performed services that some of these clowns who aspire to the presidential office have never performed."

Grover Cleveland repudiates the statement credited to him, which is a practical endorsement of Dewey's candidacy. He says: "The story is made out of whole cloth, and is absolutely foundationless. It is calculated to injure me and place me in a false position."

Washington, D. C., April 5.—Politicians here generally took little interest in the announcement made by Admiral Dewey in his willingness to allow the use of his name as presidential candidate. They united in saying that the announcement came too late to receive serious consideration.

Representative Babcock said last night in an expression given to an Eastern paper that in his opinion Dewey had been induced to come out by democratic leaders in the east who are trying to "hit upon some plan to get rid of Bryan. But it would not work."

Platform the American Flag

The admiral declines to say whether he is a republican or a democrat. He also declines to discuss any question now before the public, and contents himself with the announcement that he is willing if the people want him. When asked today which of the two great political parties he expected would nominate him the admiral replied:

"I don't know. Perhaps neither. But I could run as an independent, couldn't I?"

"Yes, but on what platform?" "My platform is the American flag." The admiral in conversation with some of his friends today intimated his belief that the people of the United States want him for president, and that he can be elected irrespective of the political parties. Mrs. Dewey shares in his belief.

Not Sensational But Pathetic

Of course no one in Washington, except Admiral and Mrs. Dewey takes a serious view of this new presidential candidacy. If there is a ghost of a chance that the admiral will be made the candidate of either of the two big political parties it is found in the secret anxiety of many prominent Democrats to displace Mr. Bryan. But this possibility is too small to be worthy of consideration and the admiral's bold bid has apparently only served to destroy what little chance his influential friends had to work up a movement in his behalf.

The prevailing comment in Washington is that Admiral Dewey's move is not sensational, nor yet ridiculous, but pathetic.

Party Men Repudiate Him

Interviews with Republican and Democratic members of congress and other men prominent in politics demonstrated today beyond the shadow of a doubt that Admiral Dewey is not taken seriously by the leaders of either party. Neither was any fear expressed by either side that the admiral will enter sufficient into the political game to cause so much as a disturbance to the Republican or Democratic organizations. True, there were a few who advocated the admiral's candidacy, but the cases were isolated and not at all suggestive of any sincere backing among the party generals.

FIGHTING ON THE PANAMA STREETS

Washington Authorities Are Alarmed Over the Condition of Affairs in Panama.

Washington, April 5.—[Special Telegram]—The authorities are alarmed over the disturbances in Panama. Mail service is interrupted in consequence of the operation of the troops. It was reported yesterday that there had been fighting on the streets of Panama.

INSURGENTS LED BY AMERICAN BOY

FREDERICK DULLER WRITES
FROM THE PHILIPPINES.

Well Known Janesville Boy Sends The Gazette Another Interesting Letter—Describes How His Regiment Made Short Work of a Force of Many Insurgents.

Frederick J. Duller of this city, who is now stationed in the Philippine islands as a member of Co. G, Forty-Seventh regulars sends The Gazette the following interesting letter.

Albay, P. I., Feb. 7, 1900.—We had a seven hour fight the other night. The guard had been posted as usual and all went well until about 12:30. The sergeant had just woke me up to relieve a sick man whom I believe had "cold feet." I had been on duty but a short time when I heard loud talking in the bushes a few yards away. I kept still listening. Just then Corporal Marsh said "Here they come." Sure enough the insurgents came around an old building about three hundred strong. They were all armed with bolos or clubs. When Corporal Marsh fired at them all our outpost men started to shoot and such a noise you never heard. At the same time about two hundred other Filipinos opened fire on us from the rear of an old church located in nearby mountains. Our outposts had to retreat but the boys I was with were safe behind a stone wall and there we remained.

In about ten minutes the enemy had the whole town burning. They even tried to burn the church in which my company was stationed, but prompt action on the part of Corporal Mooney extinguished the fire before it had made much headway. The enemy then started to charge our ranks, and the yelling they did was something awful. We had our men up in the tower of the church, and a few good volleys from them drove the niggers back again. After that they charged three times, but each time we drove them back. There were about seven hundred of them. The niggers were led by an American who deserted one of the United States regiments in the Philippines.

At times this American commander got so mad that he would forget to talk their language, and by orders that he gave in English, we were fully convinced that he was a full fledged Yankee. We all had orders to shoot him full of holes if we got a good look at him, but he managed to keep well out of sight.

They describe him as being attired in a blue United States army suit. At first our men thought he was one of our men that had been captured and pressed into service. Before this fight ended we had killed forty-five of the enemy. Our company never takes prisoners. You know what that means. We have just received word that General Lujan is advancing with five regiments of infantry and four troops of cavalry. His object is to drive the Philippines our way. Before long we expect a warm time.

RESOLUTIONS OF RESPECT

Rock County Caledonian Society Death of John Galletly

Whereas, Our friend, fellow citizen and member, John Galletly, having passed out of this life and from our midst into the joys of a better world, and deeming it our duty that we should eulogize his life made so pleasant while among us; therefore, be it

Resolved, That the Rock County Caledonian society, while sorrowing with his family and friends at his demise, cherish his memory as its members honored his life.

John Galletly was a man of character above reproach, honest and fearless in his dealings with men and outspoken against injustice of whatever kind, a loyal friend and of a lovable, christian nature, true to all the principles that make family ties so dear and home life happy. It can be truly said that he was in every respect an ideal citizen in his daily walks among us and his loss will be keenly felt. Be it further

Resolved, That these resolutions be entered upon the record book of our society, that a copy be sent to the family of our deceased fellow member, and that the charter of the society be properly draped for thirty days in remembrance.

ROCKFORD TEAM MET DEFEAT HERE

Members of the Local Y. M. C. A. Indoor Base Ball Team Were Victors—Score 19 to 13.

Members of the Janesville Y. M. C. A. indoor base ball team defeated Rockford's E. W. team last evening in this city. The score was 19 to 13. The game was called at 8 o'clock. Only a fair sized crowd was present. The Rockford boys played a clean game from start to finish and were loudly cheered whenever the occasion demanded it. For the home team Palmer was in the box and Schmitt was behind the bat. The lineup was as follows:

| JANESVILLE | Position | ROCKFORD |
|------------|-------------|-----------|
| Schmitt | catcher | Noelmann |
| Palmer | pitcher | Clark |
| Mathews | right short | Rider |
| Bump | left short | Brooks |
| Fisher | first base | Schneider |
| A. Ryan | second base | Farnholm |
| Platts | third base | Skinner |
| Rogers | left field | Luna |

The score by innings:
Janesville..... 1 0 2 0 5 1 2 2 6—19
Rockford..... 1 3 2 0 0 2 1 4—13
Glen Snyder and George Farmer umpired the game.

Methodist Missionary Meeting.

The Womens Foreign Missionary society of the Court Street M. E. church met in the church parlors yesterday afternoon. Miss Jennie Tilton, president of the society, presided, and Mrs. C. A. Hunt, the secretary, had charge of the program. A vocal duet was admirably rendered by Mrs. Christine Hawley and Miss Gertrude Spencer, with Miss Leona B. Stevens at the piano. Marguerite Bostwick and Florence Hogoboom recited missionary selections and little Mary Curtis gave a recitation, "A Little Busy Bee." Several articles were read, the subject of the afternoon's thought being "The Philippines." After the program there was a social hour and then tea was served.

SENT TWICE ACROSS OCEAN.

Whisky Is Seized by the Voyages It Takes While in Bond.

Large shipments of whisky in bond from American to European ports are constantly being made. It is not designed for foreign consumption, but will shortly be returned here and placed on sale at the best bars in the country. Several thousand barrels are now awaiting shipment at our seaports. While some of the whisky will be sent by Baltimore owners, the most of it will be from Cincinnati and other western cities. After being kept in European warehouses for six months or a year the greater part will then be brought back to this country for sale. The whisky to be sent out is of the 1891 and 1892 distillation, which must be taken out of the bonded warehouses because the eight-year limit has expired. Whisky may be stored in a bonded warehouse eight years without being subject to the international revenue of \$1.10 a gallon. At the expiration of eight years it must be taken out. Rather than pay the tax and lose the use of the money until the sale of the goods, some owners prefer to ship their surplus stock to the other side and store them there until needed, claiming that the cost of freight both ways and storage in Europe will be less than the cost of meeting internal revenue requirements at a time when there is no demand for the goods. The tax is only required to be paid when whisky is put on the market for consumption so that goods shipped to Europe in bond are not taxed. They are brought back as required by the demands of the market here. Goods remaining in this country out of bond are supposed to be on the market. This method is pursued by dealers and distillers who overload themselves. The output in 1892 was heavier than the demand, and it is part of the surplus which is now going to Europe to await the time when it must be brought back to be placed on the market.

TWO TIES WERE DECIDED BY LOT

VERY CLOSE ELECTION CONTEST IN TOWN OF ROCK

Two Hundred and Sixteen Votes Cast in That Town—Prof. Henry Will Attend Teachers' Convention at Racine—Social and Personal News From Afton and Other Towns.

Afton, April 5—Two hundred and sixteen voters deposited their ballots at the annual town election held last Tuesday, and when those ballots were counted it was found that a very close contest had been waged, so close in fact that there were two ties to be decided by lot. Following is the result, the first named in each instance being the republican nominee and the second the democratic: Supervisors, chairman W. J. Miller 106, Fred Rehfeld 109; east side, Fred Damrow 107, Anthony Dixon 107; west side, G. N. Goldsmith 108, Peter Skelly 106; town clerk, John Brinkman, 105, Fred Kethelohn 110; treasurer, F. H. Otis 102, James Senett 113; assessor, J. A. Gunn 119, Thomas Welch 95; justices, M. S. Kellogg 109, Phil Guadel 102. John Kilmer's name was on both tickets for justice, while Thomas Skelly, democrat, had no opposition, receiving 108 votes. Constables, Fritz Holzapfel 109, Owen Gower 106, John Marsh 107, John Carroll 107, Elmer Brinkman 106, Michael Leary 109, Frank McCooey, democrat, had no opposition receiving 108 votes. The democrats won in the deciding of both ties, this being the second time that Messrs. Damrow and Dixon have been tied for supervisor.

Prof. A. G. Henry expects to leave for Racine this evening, where he goes to attend the meeting of the Southern Wisconsin Teachers' association. He will take part in the program.

After school closes today for week's vacation.

J. B. Humphrey has been quite ill the past week, but is slightly better at this writing.

The family of George O. Antisdel has been tussling with the measles, Mrs. Antisdel herself being one of the victims. J. B. Humphrey, W. J. Miller and U. G. Waite were selected at the republican caucus to represent the town of Rock at the convention held at Janesville on Thursday of this week.

Miss Lois Waite went to Janesville Monday to assume a position in the military department at the Burns dry goods store.

Charles Tank and family have moved back from Beloit and now now occupy their former home here.

Oscar Watts is preparing to move to Beloit next week.

AVON

Avon, April 5—Officers elected for the town of Avon: Chairman, John B. Henry; side supervisors, A. E. Swinson, Ellick Johnson; clerk, W. V. Ballou; assessor, Andrew Shirley; treasurer, James Cox; justices of the peace, J. F. Barker, H. L. Lee, Frank Mitchell, Joseph Ross; constable, G. M. Green, Peter Olson, Ralph Barker, R. O. Barr.

Avon is getting to be quite a caldy county. J. P. Barker, Nels Sill and M. V. Ballou being owners of twin calves. The Modern Woodmen of Avon Camp No. 1209 will visit Sherland Camp Saturday night, if the weather is favorable. James Whitehead is doing some plowing.

Truman Clark is painting his house.

BARKER'S CORNERS.

Barker's Corner's April 5—The ladies aid society will meet with Mrs. Arthur Russell next week on Thursday. Miss Julia Dutton is home for a spring vacation. The mail man made the first trip this week on Monday. The winter term of Milton college has closed and Ezra Dutton is once more a farmer. Gus Grilly moved on Miss King's place this week on Monday. Howard Peabody is sick with the measles. A. Grilly bought a horse at the Shoemaker's Bro. sale last Saturday. Elder Thayer will preach at the U. B. church Easter Sunday.

A Bad Reputation.

In Bloomsbury, London, was formerly a region known as the Field of Forty Footsteps. It was frequented by rough characters, and it is related that a struggle between two brothers took place there. The footprints of the men were indelibly impressed in the sod and no grass would ever grow there. The place was built upon at the beginning of the century.

The Irish Bar.

Just now there is a good deal of excitement amongst the legal element in Dublin as to filling up the vacant judgeships. The majority of the judges on the Irish bench are Protestants, and the Roman Catholics are anxious that one of their persuasion gets the billet. From an unofficial census of the Irish bar, which has lately been taken, it appears that there are 339 practicing barristers in Ireland. Of these 233 belong to the various Protestant communions, 130 are Roman Catholics, and 1 is a Jew. Out of 30 Queen's Counsel, 16 are Roman Catholics. It is held that if the proportion of each creed in the profession were maintained in the judiciary, 7 judgeships out of the 18 should be filled by Roman Catholics, whereas at present there are only three Catholic judges on the bench.

Many Statues of Christ.

Italian Catholics propose to celebrate the nineteenth century by erecting nineteen colossal statues of Christ in conspicuous points of the peninsula. Among the places selected are Mount Soracte, the Gran Sasso d'Italia, and the toe, the heel and the instep of "the boot." The statues are to be of gilded cast iron.

H. F. CORBETT ON CRUTCHES

He Invites Rev. Mr. Cheney to Call and See Him.

Racine, Wis., April 5—Henry F. Corbett has become so weak from sickness, since the trial on the charge of attempting to kill the Rev. and Mrs. David B. Cheney, that he cannot stand up and is obliged to move around on crutches. His bronchial tubes are so weak that he can hardly talk above a whisper. Since the day he was acquitted he has not been able to leave the hospital, and it is the opinion of those who have seen and conversed with him that he will never recover. A letter from his relatives in England came this week containing a sum of money, but he feels that he will never see England again. He has sent a letter to the Rev. Mr. Cheney, asking the pastor to call to see him, but up to this time he had not called.

AMUSEMENT NOTES.

Mr. Walker Whiteside, who appears at the Myers Grand tomorrow night, produces an effect in the two ghost scenes in Hamlet which has been received with the greatest enthusiasm by his audiences.

When Hamlet, Horatio and Marcellus appear on the battlement of the castle of Elsinore, a huge stone wall runs clear across the stage. The castle is seen in the distance and black clouds overcast the skies. The sound of distant revelry is heard—an air of mystery pervades the atmosphere and presently the ghost of the dead king of Denmark appears vapor-like in the very center of the wall—slowly it glides along and finally dissolves in full view of the audience.

The black clouds overcast the moon and the scene becomes dark. When the moonlight struggles through the clouds again an entire change of scene has taken place. Hamlet is kneeling at the base of the wall surrounding the castle. The moonlit waters of the sea are seen in the distance. Slowly the figure of the ghost seems to appear five feet above the stage at the entrance to the tower of the castle. After the ghost has finished its story it dissolves completely and is lost to sight. The morning's dawn lights up the horizon and the audience has witnessed one of the most beautiful and realistic effects seen on the stage today.

* * *

Few actors have the grace and flexibility of mind and talent to succeed in the serious and romantic drama and in light comedy as well. This is the case of William Owen, who will be seen in this city at the Myers Grand tonight in "A Gilded Fool," the spirited American comedy Henry Guy Carlton wrote for Nat C. Goodwin and which made that actor famous. Mr. Owen has been very well received in other cities in his new departure and the management promises one of the most entertaining performances of the entire theatrical season.

"This is too much, John, I won't stand it any longer. Tomorrow I leave for my mother's unless you get me more Rocky Mountain Tea." Sensible woman. 35 cents. Smith's Pharmacy, kodak agents.

See young maiden, that thou takest the genuine Rocky Mountain Tea, made by the Madison Medicine Co., it thou likest thy fair face. 35 cents. Smith's Pharmacy, kodak agents.

Striking Use of the X-Rays.

A striking use of the X-rays is to be made in the case of two sisters joined together in the same manner as the celebrated Siamese twins. These girls were recently discovered in Brazil, and have reached the age of ten years. The examination with the X-rays is to be made with a view to determining whether the bond joining two bodies can be severed by a surgical operation. If the bodies are independent, surgical treatment would be justifiable and possibly successful, but if there is an actual connection between the two organisms such a step is, of course, out of the question.

Comparative Wealth of Languages.

The English language—according to a German statistician who has made a study of the comparative wealth of languages—heads the list with the enormous vocabulary of 260,000 words. German comes next with 80,000 words, then Italian with 75,000, French with 30,000, Turkish with 22,500, and Spanish with 20,000.

Stanley Shirt Waists

We are exclusive agents here for these popular waists and are now showing the new spring styles. We had to order them last November or we would not have them now. Although made in the largest shirt waist factory in the world, even then the demand for Stanley Waists is so large that orders must be placed months in advance to secure them.

At 50c, 75c and \$1.00 we show unusually good values, much better than can be found elsewhere. Others at \$1.25, \$1.50 to \$3.00—beautiful styles, exclusive things that will not be common. Lovely white waists, \$1 to \$3. Our stock is not yet complete but we show about 60 dozen at present and new things being received weekly.

W. C. C. Corsets.

Short Summer, \$1.00.

"None Know Them But To Love Them."

Year in and out they give better satisfaction than any other corset made. We have carried W. C. C. Corsets for many years and they constantly grow in popularity. Why? Because the manufacturers are very much awake and get out new things first.

The Dowager W. C. C.

is made for stout figures and is selling very well. Sizes 18 to 30—\$2.00. Sizes 31 to 36—\$2.25. Sizes 37 to 43—\$2.50. Same in summer. Made in four lengths.

Foulard Silks

We show a beautiful assortment of Cheney Foulards and new styles arriving almost every week. Have both satin and silk finished. Width, 24 inch, 85c and \$1.00.

THIS DAY IN HISTORY.

1655—Catherine I of Russia was born. Died 1797; empress 1762. Russia's first Catherine was not Catherine the Great. Catherine I succeeded Peter the Great in 1725 and reigned two years. Her life story is obscure and seems to have been romantic. As the wife of a Swedish subaltern Peter the Great was attracted to her by her beauty and in 1711 acknowledged her as his wife. She accompanied him on his Turkish campaign and rendered important service as a diplomatist. He caused her to be crowned empress in 1724.

1794—Leading Jacobins, including Danton and Camille Desmoulins, guillotined at Paris.
1895—Thompson McDaniel, a veteran of the Black Hawk war, also a pioneer settler of Kansas, died here 1895.

1897—Orington Lunt, noted pioneer and philanthropist, died in Evanston, Ill.; born 1815.

ARE NOT ALL FOOLS

The Ashland Daily Press makes these sensible suggestions: "It is not fair to presume that men of sound judgment, such as Senators Allison, Gear, Quarles and Spooner, and the entire congressional delegations from such states as Iowa and Wisconsin, have lost their good sense all of a sudden. If these men consider it best to place a light tax on Porto Rico for two years, until a system of local taxation can be evolved, it may be safely predicted that they will be able to give sound reasons for so doing. No man believes that the Porto Ricans should be permanently taxed, but it is not asking too much of the big tobacco and sugar producers of Porto Rico, to pay a temporary tax 85 per cent lower than the tariff laws of the United States, for the benefit of the people of Porto Rico. The tobacco and sugar which it is contended should be brought in free, belongs to various moneyed concerns including a British consular officer. Porto Rico is still suffering severely from last year's hurricane, and congress proposes to ask these moneyed interests to help the suffering people of the island, in their emergency. At the end of two years at the utmost, the tariff is to be repealed."

We are not wholly alone in our trouble. At Woodlawn, Ill.,* Helen Perry, 15 years old ran half a mile to tell the police there were burglars in her father's store. When the police got there the burglars and \$50 worth of rugs were gone.

*Evidently a small village. Not on the map.

Here is the first intimation that we have had that the democrats proposed to nominate a candidate for governor this fall:

Dave Rose for governor! That is the certain meaning of the Milwaukee edition. The democratic state convention will be a more ratification meeting, in its way quite like the Bryan love feast at Kansas City.

Chicago has just undergone an annual "downing" of "its gang council," and one year hence will repeat the operation. Query: At what stage of the game do the good men of today become the gangsters of next week?

Governor Scofield has issued a proclamation naming Friday, May 4th, as Arbor and Bird day, and recommends the observance of the day by all children and schools in the state.

The preliminaries for the renomination of President McKinley, so far as Rock county is concerned, are now complete. The next political gathering will be the caucuses to select state and county officers, etc.

Kansas City is in hard luck. Just as she gets her plans all made to roast the democratic party, along comes a fire that cremates the convention hall.

Perhaps the Kansas City convention hall set fire to itself rather than have a Bryanite convention held under its roof on the Fourth of July.

If South Dakota doesn't unpettigrew herself pretty soon, people will begin to charge that state with "contributory negligence."

The Man With The Hoe was recently seen on Janesville's streets—his work being especially good on the crossings.

At Beloit, in the spring time, the voters' fancy, apparently, lightly turned to thoughts of Love—for city treasurer.

Now, Milwaukee, hit the ball, and hit it hard! Kansas city has been sent to the bench!

Got Back the Mirror.

A society woman of Philadelphia gave a luncheon not long ago and afterward missed a small gold mirror. She immediately sent to each of the women who had been her guests a postal card, upon which was written: "Dear Madam: A gold mirror was stolen from my dressing table yesterday. Have you got it?" The mirror was returned, but the owner never found out who took it.

PRIZES FROM THE SOIL

The western man in his worst mood has a friendly feeling for those peculiarly western products, corn, pork and the live hog. He has especial reason for this sentiment this year. His corn has advanced 10 cents a bushel from the price of last September; his hog has advanced 1 1/2 cents per pound, or about \$1 a head; his pork is up to \$5.50 a barrel, his lard up to \$1 a cask, and his short rib sides up 1 1/2 cents in ninety days.

The hog has made a liberal contribution to the western happiness, far more liberal than anything else. He has grunted and snorted and growled and has added to his master's wealth in the past ninety days at the rate of \$1 per individual hog. He was in no great demand around Thanksgiving day at less than 4 cents a pound, or say, \$8 for a single porker.

The millionaires packers are now competing for him at 5 1/2 cents per pound. On the moderate hog, the one of merely the modest proportions of 200 pounds, this price means \$11 as he goes over the scale to the pork barrel to fill his mission on earth. That \$11 advance on a single animal is not to be belittled, but multiplied by the 50,000,000 hogs which is about an average supply, it makes the western profit in three months \$550,000,000. The western farmer, when he speculates, has a weakness for hog market. He believes the pork game the thing he has particularly adopted. At an advance of \$8.70 a barrel of pork from around \$9.80 in December to around \$13 in March is a dividend of the richest sort for the western man who does a great deal of work all the time, but who yields to temptation and does a little speculating occasionally. The advance of a tierce in lard and of 10 cents per pound on short ribs are as great to him as the pork rally—all rich prizes from the soil.

HOW WE HAVE GROWN.

Wonderful Increase in Population and Wealth of the United States.

The population of the United States, which was about 5,000,000 in Washington's time, is now 75,000,000. The largest city in the country then, Philadelphia, had 60,000 inhabitants, now it has 1,200,000 or 1,400,000. New York, then with 55,000 population, has 3,500,000 today. Chicago, then a hunting ground for Indians, with no place on the map until over a fourth of a century after Washington's demise, has more population now than was between the Potomac and the country's southern line at that time. The states of New York and Pennsylvania have each at present many more inhabitants than the entire United States had 100 years ago, says Leslie's Weekly. In 1799 the area of the country was 327,000 square miles, while it is now 3,700,000. Its western boundary, which was the Mississippi then, was long ago advanced to the Pacific, and has now been extended to the Philippines in Asiatic waters. Its southern boundary, which was latitude 31 degrees at that time, the northerly line of the present state of Louisiana, has, in the passing years taken in Florida, with that territory's former extension to the Mississippi, and reached down to the lower part of the Gulf of Mexico. Its northerly line, then the Great Lakes, has, in the case of Alaska, been stretched far north of the Arctic circle. In the year of Washington's death the receipts of the government were \$7,000,000 and its expenditures \$9,000,000. In the fiscal year 1899 the expenditures were \$700,000,000 and the receipts were slightly below that mark. The wealth of the country, which was less than \$1,000,000,000 then, or much below that of the single city of New York, is \$99,000,000,000 at the present time.

Only Indian Bank Depositor.

An Indian from the South Dakota reservation created a little amusement in a Rapid City bank recently. He came in with his squaw, his daughter and two hand satchels. After some hesitation he opened one of the grips and produced \$2,000, with which he opened an account. He is the only Indian bank depositor in South Dakota.

A Case of Female Impersonation.

A remarkable case of female impersonation has (according to a Paris correspondent) just been discovered. A Brittany peasant girl calling herself Anna Fervac, was engaged as a servant by M. Lefebvre, a shopkeeper in the Saint Lambert district. She declared that she had sold her hair to a barber at Morlaix to pay her fare to Paris. The young servant appeared honest and industrious, but eventually Madame Lefebvre, who was frightened at her strange behavior, informed her husband. It then turned out that the pseudo bonne was a lad of seventeen who had escaped from prison, and had donned female garb to escape detection. He had betrayed himself by falling in love with his mistress.

WHITEHEAD ENDORSED

Republican County Convention Adopts Resolution Praising Him

COMMEND HIM TO STATE

National and State Administrations Also Recognized By a Rising Vote.

THE DELEGATES ELECTED

The Rock county republicans took the first steps toward the renomination of President McKinley and Congressman Cooper today. The county convention was held at the court house this afternoon.

The business of the convention was: To elect delegates to the congressional convention to be held at Keweenaw on April 23. This convention will nominate a congressman, and also elect two delegates from this congressional district to the republican national convention at Philadelphia.

To elect delegates to attend the state convention at Milwaukee on April 23. This convention will elect four delegates and four alternates from the state at large to the republican national convention, to be held in Philadelphia, Pa., on the 19th day of June, 1900, and to nominate two electors for president and vice president of the United States, to be voted for at the general election in November next.

Convention Called to Order. County Committee Chairman T. S. Nolan called the convention to order. C. E. Lee, of Evansville was elected chairman and E. F. Hansen of Beloit was made secretary.

The committee on credentials was made up of one member from each assembly district as follows: F. W. Coon, Edgerton; L. E. Parker, Beloit; and James Shearer, Janesville.

Cham Ingersoll, of Beloit; W. G. Wheeler, of Janesville and F. W. Coon of Edgerton were appointed a committee on resolutions.

On motion of T. S. Nolan the convention took a recess while the different assembly districts held separate conventions. Adopted.

The assembly district conventions reported the selection of delegates to the convention as follows:

First Assembly District
Delegates to state convention—Henry Tarrant, J. G. Wray, T. S. Nolan, H. L. McNamara, M. G. Jeffries, E. T. Fish, H. L. Maxfield, W. H. Tripp, C. E. Ransau.

Delegates to congressional convention: W. G. Wheeler, A. E. Matheson, O. F. Nowlan, W. H. Appleby, A. H. Sheldon, Wilson Lane, C. W. Stark, J. B. Humphrey, E. N. Fredendall.

Second Assembly District
Delegates to state convention—Philip Bonn, A. Eager, W. D. McComb, W. W. Clark, Robert More, J. C. Devereaux, V. Wood, H. Bruce, W. M. Totes, P. C. Wikler, W. W. Coon.

Delegates to congressional convention—C. S. Burton, C. E. Leo, A. S. Flagg, Frank Crow, P. W. Coon, Ed. Shaw, W. B. Andrews, George Luckner, Grant Fisher, Alex. White, J. C. Devereaux.

Third Assembly District
Delegates to state convention—John Huntley, H. J. Nelson, A. W. Eddy, C. H. Wickie, B. F. Rogers, O. A. Peterson, H. L. Snell, L. W. Thompson, Cham Ingersoll, L. H. Parker, R. J. Burdige, J. C. McEvoy.

Delegates to congressional convention—J. S. Lynch, Halvor Clements, A. C. Powers, C. H. Weirick, N. Nastasa, Charles Taylor, C. W. Egan, W. A. Mayhew, J. W. Bates, Cham Ingersoll, L. H. Parker, R. J. Burdige, J. C. McEvoy.

The reports were accepted and ratified.

The delegations were empowered to cast the full vote of the delegation at the two conventions.

Resolutions were adopted endorsing the course of the national and state administrations, and also the course of Congressman Cooper by a rising vote, and with a cheer.

A resolution was also adopted endorsing the candidacy of Hon. John M. Whitehead for governor. The resolution was adopted by a rising vote and enthusiastic cheering. The resolution was as follows:

"Resolved, that the republicans of Rock county in county convention assembled unanimously and heartily endorse their fellow citizen, Hon. John M. Whitehead for a candidate for governor, and commend him to the favorable consideration of the republicans throughout the state."

Mr. Whitehead was called for and spoke briefly his thanks.

The congressional delegates were instructed to support H. A. Cooper for a renomination for congress.

Teachers in the City

Many teachers from Grant, La Fayette and Green counties were in the city today being on their way to Racine to attend the Southern Wisconsin Teachers' association meeting, which will be held on Friday and Saturday. During their one hour stay here they visited the State School for the Blind.

EDGERTON PARTIES WANT ATHLETIC PARK

EXCELLENT BALL GAMES ARE PROMISED THIS SUMMER.

Present Indications Are That the Local Base Ball Park Will Pass Into Other Hands—Has Never Paid as an Investment—New Management Would Be a Credit to the City.

Messrs. Carr, Underhill and Whitford of Edgerton, have been in the city for the past two days for the purpose of securing athletic park to be used this summer as a base ball park. Athletic park is controlled by local business men interested in the Y. M. C. A. Present indications are that the Edgerton parties will be given control of the grounds.

H. J. Cunningham who is interested in the park stated this afternoon that as yet no definite transfer of the park had been made but that the indications are that the Edgerton parties would assume control.

SUDDEN DEATH OF MARGARET BRENNAN

Well Known Rock County Pioneer Settler Passed Away Early This Morning.

Mrs. Margaret Brennan, aged seventy-six years, a resident of the town of Fulton for forty years, died at the residence of her son-in-law, John H. Carney, at 1 o'clock this morning.

Her taking off was sudden and unexpected, she having been sick only a week. She was one of the well known pioneer settlers of Rock county, and leaves many friends to mourn her death. She leaves a husband, John Brennan of Fulton, one son John Brennan of Janesville, and two daughters, Mrs. M. Daily and Mrs. John Carney also of this city. The funeral will take place from the Fulton home at 9:30 o'clock and from the church of Edgerton at 10:30 o'clock next Saturday morning.

Herbert Manley Murwin
After more than thirteen weeks of intense suffering from tuberculosis, Herbert Bradley Murwin departed this life at his home in Fulton, March 31, at about 1 a. m. He was the second son of Oliver and Anna Murwin, and the only brother of O. P. Murwin, all of Fulton. He was a highly respected young man, with a large circle of friends. He was born in Fulton, Wis., February 14, 1874, and spent most of his life in his native town. Here he entered active business early, as a partner in the firm of Murwin Bros'. Last year he accepted a creditable position with the firm of Leary Roebuck & Co. of Chicago, but ill health compelled him, after a few months, to surrender his position and return home.

J. B. Rockwood.
Beloit, Wis., April 5.—[Special]—J. B. Rockwood died last evening at his home on Vernon avenue of apoplexy. Mr. Rockwood was seventy-two years old and a highly respected citizen of this city. He was employed as pattern maker at the Berlin Works. He belonged to the Masonic order and was a Grand Army man. He leaves a wife and four children. The funeral will be held Sunday afternoon.

MANY AGREE WITH DR. WILLIAM HORNE

Local Popular Veterinary Surgeon Has Many Following in His Idea of the Play "Sapho."

To the Editor: I fully agree with Dr. William Horne and others over the "Sapho" scare. Every year in New York and all our large cities plays are given which discount "Sapho" in every moral sense. Let the play be given in Janesville by all means and as free intelligent citizens let us use our individual pleasure as to attending or otherwise. I have seen in Janesville many forms of burlesque which discount "Sapho" on all moral points. Many years ago I witnessed the giving of "Azul the Prodigal" as given in London. Mine was the one hundred and eleventh night and was crowded. Vanderhoff was "Azul the Prodigal" There were 365 people on the stage at one time besides coaches and horses.

In the scene of Memphis the usual orgies were indulged in. All were drunk and lay in an indescribable, voluptuous heap. The play ran for many nights and each night was crowded. Some of the best and greatest literary lights of London's 400 attended. Did anyone object? No one. I do not like this straining at a gnat and swallowing a whole camel. I have talked with some of the best moral citizens of Janesville and they all say let "Sapho" be given by all means. So say I. Let those who are fastidious stay away but let us go. We want "Sapho."

May Make Pearls Cheaper.

Pearls will be more plentiful, but possibly not cheaper, if the British syndicate in New Caledonia accomplishes what it expects. Some twelve banks of large extent have been discovered along the eastern coast of New Caledonia and adjacent islands which can descend 600 feet below the surface. By this machine large banks of hitherto unreachable banks of shells have been reached.

One dresser and one wardrobe woman are in constant attendance, taking alternate days.

PERPETUAL MOTION DROVE HIM INSANE

VENERABLE CONSUL A. J. DAYTON TAKEN TO MENDOTA.

Well Known Resident of Janesville and a Prominent Member of the Local Order of Modern Woodmen—His Case is Not a Hopeless One—Has Been Studying Too Hard on Patent Right Business.

Constant worrying in trying to solve the mysteries of perpetual motion, has driven A. J. Dayton of this city insane. This morning the unfortunate man was taken to the state hospital for the insane at Mendota. Mr. Dayton is venerable consul of the local camp of Modern Woodmen. With his family he has been residing in a cozy furnished dwelling at the corner of Glen street and Fifth avenue. For the past fourteen years he has been employed as cutter at the local shoe factory of F. M. Marzuff and company.

During the past few years Mr. Dayton has devoted much time to the study of patent rights. The study of perpetual motion occupied the greater portion of his spare time. On this subject he would study nights till way into the morning. It is said that he also spent considerable money in his efforts to solve the mystery of perpetual motion. This study and loss of sleep soon began to manifest itself. Mr. Dayton during the past month has been in poor health. He was taken with a severe case of the grip a few days ago.

Last Friday evening he first showed signs of being mentally wrong. On arriving home he made strange remarks to his wife. His condition has since been growing worse.

This morning Drs. W. H. Judd and Michael Cunningham made an examination. They pronounced Mr. Dayton insane. Accompanied by Officer Cochran and C. W. Brooks the unfortunate man was taken to the state hospital for the insane at Mendota.

A LIVELY DUEL OF WORDS.

Kentucky Ire Rises in the National House.

GOEBEL MATTER COMES UP.

Mr. Wheeler and Mr. Pugh Figuratively Impale Each Other in an Exciting Discussion—Other Important Washington News.

Washington, April 5.—There was an exciting scene in the house Wednesday as the climax of a discussion of the Kentucky situation when Mr. Wheeler, a Kentucky democrat, and Mr. Pugh, a Kentucky republican, faced each other from opposite sides of the main aisle and indulged in a wordy duel. Mr. Pugh charged Mr. Wheeler with misrepresenting certain facts. He was laboring under great excitement. Mr. Wheeler showed admirable temper, and, though quick to resent the fancied insult, awaited the explanation of Mr. Pugh, in which he disclaimed any intention of imputing to him personally a desire to distort the facts. Throughout the debate, which was precipitated by a speech of Mr. Boering, the other republican member from Kentucky, there was an air of suppressed excitement. It was the first time the Kentucky election had been broached in the house, and intense interest was manifested. Mr. Lacey of Iowa concluded the debate with a general denunciation of the Goebel election law. This incident overshadowed the other speeches today on the Hawaiian bill, many of which were irrelevant.

Discussing the bill to establish a territorial government in Hawaii, Mr. Boering (Ky.) aroused general interest by referring to the Kentucky situation. Holding the light of civilization before the world as the United States was doing, were we, he asked, willing to see the torch of liberty extinguished at the birthplace of Abraham Lincoln and the home of Henry Clay? It was with no spirit of acrimony, he said, that he referred to the situation in Kentucky. So far as the Goebel election law of that state was concerned, he said, the people of Kentucky would be glad to exchange places with Puerto Rico or Hawaii. They were not asking for federal interference; they were asking simply for a fair election law.

Mr. Wheeler (Ky.) replied in a fiery speech. He had sincerely hoped, he said, that the Kentucky situation would not be brought to the attention of congress. He admitted that the situation was humiliating to every Kentuckian, but had hoped that it would not be ventilated here. Proceeding, he eulogized the Goebel election law, which had been declared constitutional by the highest court of the state. Representative Graham of Pennsylvania introduced a joint resolution authorizing the construction of a dam across the St. Joseph river near the eastern boundary of St. Joseph county, Indiana.

TO REVISE WAR TAXES.

Both Parties a Unit on the Proposed Plan.

Washington, April 5.—There is at present a sharp conflict going on between Republicans and Democrats in Congress as to which side will lead in the matter of having the war tax reduced. Senator Jones of Arkansas and Representative Richardson of Tennessee took the initiative for the Democrats and have been protesting in a strenuous manner all along the line. Bills have been introduced by them in both house and senate. As the interests that are still being taxed for the Spanish-American war expenses are active and most potent in politics the advantage of the Democratic position soon became apparent, with the result that several bills have been introduced by Republicans looking to a revision of the war taxes. In addition to this the president will in the near future send a special message to congress asking that relief from the war tax be given at once. It is therefore reasonably certain that the burden will be partly removed before Congress adjourns.

WAR HAS BEEN AVERTED.

Minister Merry's Success with Nicaragua and Costa Rica.

Washington, April 5.—Dispatches received by Acting Secretary Allen from Capt. W. W. Meade, commanding the cruiser Philadelphia, and Commander Duncan Kennedy, commanding the Detroit, report that no trouble exists in either Nicaragua or Costa Rica. The news confirms information received by the state department showing that Minister Merry has been successful in the use of his good offices in averting war between the two republics. While Costa Rica is still prepared for defense, she is not making any hostile movements against Nicaragua. The Philadelphia will be kept on the west coast and the Detroit on the east coast until the authorities are fully satisfied that there is no further danger to be apprehended.

TO AID HERO'S WIDOW.

Pension Asked for a Postal Volunteer Who Died at Santiago de Cuba.

Washington, April 5.—Representative Fitzgerald is striving to obtain a government aid for one of the heroes of the Spanish war. Soon after Shattor's army entered Santiago an appeal for mail clerks was sent to this country, but owing to the prevalence of disease in Santiago there was almost no response. At length Mr. Spicer of the Boston postoffice volunteered to go. He performed heroic service there under horrible circumstances, but at last yellow fever seized him and owing to his overworked condition soon vanquished him. He left a widow and six children. Mr. Fitzgerald tried to get a pension for the widow, but no law for a civil pension has ever been passed except to widows of presidents. He has found, however, that the widow of a doctor who gave his life in the same way as Spicer at Santiago received a lump sum from the fifty-ninth congress; so Fitzgerald has introduced a bill giving Mrs. Spicer \$3,000, and is receiving assurances of aid to secure its passage.

Theater Syndicate in Trouble.

New York, April 5.—The theatrical "syndicate" which controls an enormous business throughout the United States, and is composed of Messrs. Al Hayman, Charles Frohman and Klaw & Erlanger of New York, and Nixon & Zimmerman of Philadelphia, is to be dissolved by limitation and immediately reformed without Nixon & Zimmerman.

The partnership has one season yet to run. Whatever the cause for the separation, neither Messrs. Hayman, Klaw nor Erlanger would speak of it.

Tugs to Open Navigation.

Sault Ste. Marie, Mich., April 5.—A determined effort will be made to force a passage through the ice in St. Mary's river about April 15, according to the plans now being considered by the officials of the tug trust. The new tug General will leave for Detroit in a few days. On board will be some of the leading officials of the tug trust who will direct the work. The local observer for the United States weather bureau gave it as his opinion that the ice could be forced by April 15 if good weather continued.

Mexicans Favor Temperance.

City of Mexico, April 5.—Government officials are taking interest in the newly inaugurated temperance movement and the board of health is giving encouragement to the temperance workers, for the vice of alcoholism is reported to be growing here. The mortality statistics in Mexico every year show more and more deaths from cerebral congestion, due to the abuse of alcohol. President Diaz is known to be in cordial sympathy with the temperance movement.

Sidney Schmezy Is Dead.

St. Petersburg, April 5.—Sidney Schmezy, a prominent member of the American colony in this city, died suddenly at Frankfurt. He had established a branch of the Equitable Life Insurance company in Russia and had managed it for a number of years. He formerly resided in Cincinnati and was well known in the west part of the United States. His widow is the daughter of an Austrian general. Mr. Schmezy leaves a considerable estate.

Big Fire in a Michigan Town.

Muskegon, Mich., April 5.—Fire destroyed the entire business portion of Ravenna, eighteen miles southeast of here, except William Patterson's dry goods store. The fire is now raging in the residence section of the town. An engine and hose cart have been sent from Grand Rapids. The loss will be about \$30,000. The town has 700 inhabitants. The fire was caused by an explosion of coal gas in a saloon.

Honoring a Hero.

Washington, April 5.—First Lieutenant Matthew A. Botson, Fourth United States cavalry of Chicago, who distinguished himself at the head of the Macabete scouts under the late Gen. Lawton's command in the Philippines, has been ordered from this city to San Francisco for duty.

Found Money in His Garden.

Quincy, Ill., April 5.—Charles Schenckelbacher, while spading in his garden unearthed a copper kettle containing \$2,000 in coin. It is supposed it was buried by his mother, who died recently. She left \$3,000 cash in bank, but would not trust all her savings to the banks.

Antidote for Food System.

In certain parts of Sweden, where the most absolute confidence is reposed in the honesty of the people, a very informal postal system is in vogue. As the mail steamer reaches a landing place a man goes ashore with letters, which he places in an unlocked box on the pier. Then the passer-by who expects a letter opens the box, turns over the letters and selects his own, unquestioned by any one.

First Chicago-Montreal Line.

Chicago, April 5.—The much-talked-of transportation line from Duluth and Chicago to Montreal via the lakes and the St. Lawrence is assured by the closing of contracts with the American Shipbuilding company of A. B. Wolvin of Duluth for either four or six ships for this trade. The boats will be ready for service next fall.

For two generations the Canadian government has been working on the canals around the rapids in the St. Lawrence, and by the middle of summer they will have been completed, at a cost of \$60,000,000. A draught of fourteen feet from Montreal to the lakes will be assured, and the new company headed by Mr. Wolvin will be the first in the field. The new boats will have a capacity of 75,000 bushels of wheat. They will be built of steel.

Man and Wife Seek Death.

New Orleans, La., April 5.—Dr. Vincenzo Vaccari and wife of San Francisco attempted suicide here. The woman's corset saved her life, the knife barely penetrating, while the man cut his throat with a scalpel. They are being guarded, and will be taken to an asylum for the insane. Dr. Vaccari broke down from overwork, and he and his wife left for a long trip to Italy and Paris, taking \$15,000 in money and jewels. The doctor's mind became unbalanced on the trip, and the wife's constant vigil detracted her reason. Both will probably recover.

Status of Miners' Strike.

Pittsburg, April 5.—There is a slight increase in the coal shipments from the mines, indicating that a few more miners had returned to work. The miners' officials are working hard to induce the strikers to go back to work and comply with the terms of the Indianapolis agreement. The dissatisfaction is so widespread, however, that a general convention will likely be called for next week, and the strike either officially declared on or off. As it is now, the strike is unauthorized and is simply the culmination of local trouble over the run of mine standard and the day men's scale.

Charged with Giving Poison.

Dayton, Ohio, April 5.—Walter L. Martindale, an attorney, and Herbert Iddings were arrested here on the charge of giving poison to Philip Class, causing his death. It is alleged that Martindale put belladonna in a glass of whiskey and that Class was gradually and systematically killed. Martindale drew the Class will and had himself appointed executor. The heirs were not provided for in the will and will contest it. Meantime Martindale and Iddings were arrested and gave bond in the sum of \$1,000.

Mrs. N. J. Casey, of 101 Prairie Ave., says: "Doan's Kidney Pills proved better than any other medicine I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doan's Kidney Pills and procured a box at the Peoples' Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

EXPECT NO WAR WITH JAPAN.

Russian Officials at Washington Discredit Press Reports.

Washington, April 5.—Officials of the Russian embassy are disposed to accept with great reserve the stories of prospective trouble between Russia and Japan over Korea. Ambassador Cassini stated that his information from Tokyo respecting the feeling in Japan is entirely at variance with that published in the press reports. Russia is scrupulously observing the terms of the agreement made with the Japanese government in relation to Korea, and has no intention of precipitating war. In other quarters there is an impression that the reports respecting possible trouble between Russia and Japan are invented by persons friendly to the English government to distract attention from South Africa. According to this theory, Great Britain would be benefited if the world should concentrate its gaze upon the east rather than South Africa.

Japan, it is said, is not in condition at this time to go to war with Russia, and as to the assembling of the Japanese fleet at Kobe, it is reiterated that arrangements for its concentration were made months ago.

A Scheme of Spaniards.

Paris, April 5.—The high politicians of Madrid are beginning to see a deep significance in the recent visit of Argentine sailors and officers to the warship of President Sarmiento and the arrival at Algiers of the Argentine school ship Carthage. Their visits have given rise to suggestive pan-Hispanic manifestations, and they are declared to be the beginning of a defensive alliance of all Spanish-speaking countries against the Anglo-Saxons.

Gen. John Bidwell Dead.

Chico, Cal., April 5.—Gen. John Bidwell, the prohibitionist candidate for president in 1892, died at his home near this city Wednesday from heart failure. Gen. Bidwell was a pioneer of 1841, and the founder of Chico. He was 80 years old, a native of Chautauque, N. Y. He leaves an estate valued at \$1,000,000.

Graham's Shortage Settled.

Chicago, April 5.—W. A. S. Graham's account with the board of education has been paid in full, his wife aiding in raising the amount of the shortage. A check for \$25,598 was turned in. The whereabouts of the missing secretary are still a mystery.

Lonna Kuhn Is Found.

Chicago, April 5.—Lonna Kuhn, whose mysterious disappearance led the police to believe she had met with foul play, was found by Lieut. Quinn at the home of Mrs. Stella Bellevue, where she was employed as a domestic.

Toledo Centennial Bill Passed.

CONGRESSIONAL DISTRICT

Republican Convention

The Republican Congressional District Convention for the First District of Wisconsin will be held at Kenosha, on Tuesday, April 24, 1900 at 11 a. m., for the purpose of electing two delegates and two alternates to the National Convention to be held in Philadelphia next June; to nominate a presidential elector and also to nominate a candidate for member of congress to be voted for at the coming November election; to elect a Congressional District Committee; and to transact such other business as may properly come before the convention. Representation in said convention will be one delegate for each 250 republican votes, and major fraction thereof, cast in each assembly district at the general election in 1896. As follows:

| Assembly District | Delegates | Alternates |
|-------------------|-----------|------------|
| Green | 1st | 12 |
| Rock | 2nd | 12 |
| Walworth | 3rd | 12 |
| Kenosha | 4th | 12 |
| Racine | 5th | 12 |

Donated Transient Funds by Cable.

Washington, April 5.—Secretary Hay has notified Mr. Prun at New York, representing the Red Cross association, that the state department will transmit to United States Consul Hay at Pretoria any negotiable paper transferring funds to President Kruger in behalf of charity. It is, however, impossible for the department to transmit funds, even on its own account, by cable, and as the papers must go forward by mail, it will be a matter of a month or six weeks at least before the funds can be delivered in Pretoria.

THE BRITISH DRAW BACK.

Colville and French Give Up Movements.

Bloemfontein, Monday, April 2.—Gen. Colville's division and French's cavalry have returned here. Everything is quiet.

London, April 4.—Gen. Colville and Gen. French have given up the movement against the Boers east of Bloemfontein and have rejoined the main army. It doubtless seemed to Lord Roberts a vain thing to send down ten to twelve thousand of his best troops into the wilderness, with a field transport, in a direction at right angle with his chosen line of advance. The Boers have probably moved elsewhere, and if to the southwest Gen. Colville could as easily strike them from Bloemfontein as by following them up across the plains. These inferences still leave the situation bewildering for the time being. The enormously superior British forces appear inactive in every part of the war field, waiting yet, probably, for the accumulation of material for a swift advance on the Transvaal frontier. The London military commentators and the public to some extent are irritated and confused by the situation. Details received of the scenes on Green Market Square, Cape Town, yesterday, when Premier Schreiner encountered an English demonstration show that the premier, fearing personal violence, sought refuge in a restaurant. He was hooted and tried to reach parliament house protected by police. The people shouted "traitor," but he succeeded in reaching the house. Finally on the people singing "God Save the Queen" he raised his hat amid cheers and was heard to say, "Reserve your judgment." Lord Roberts did not meet his wife at Cape Town. She will proceed to Bloemfontein. The permanent bridge at the Modder River station has been finished. The first train passed over it yesterday. The British garrison at Springfontein was roused at midnight Monday by information that the Boers in force were about to make an attack, but not a burgher appeared.

Fire in Waldorf-Astoria.

New York, April 5.—Some guest of the Waldorf-Astoria threw a lighted cigarette against a curtain of a room on the second floor of the hotel, setting it afire.

The curtain blazed up and the guest ran out shouting "Fire!" Detective Schuyler West of the hotel rushed in with an emergency bucket, and with the assistance of Policeman O'Sullivan of the West Thirtieth street station put out the blaze before it was necessary to send out an alarm. The shouting caused much consternation among the guests. Not much damage was done.

Ordered to Chicago.

Washington, April 5.—Lieut.-Col. William P. Hall of the adjutant-general's department, who has been serving in Puerto Rico on the staff of Gen. Davis, has been ordered to Chicago to become adjutant-general of the department of the lakes. The transfer is caused by Col. Hall's impaired health, the climate of Puerto Rico not agreeing with him.

Turks at French Universities.

Amongst the many foreign pupils who pursue their studies at French universities are a number of young Turks, who are sent to Paris and Montpellier at the expense of the sultan. These Turkish students are under the care of one of the most eminent functionaries of Abdul Hamid, who, like many of the potentates of medieval Italy, finds relaxation from his duties as a Great Assassin in the company of the arts and sciences.

There is a story of a man who was so busy looking at the stars that, as he walked, he stumbled into a well. That's the story of a typical man, too busy.

looking at things away off, to notice more important things near by.

One-sixth of all deaths are from consumption. But the man goes along with his eyes bulging to watch cholera and yellow fever. He disdains to cure the cold or check the little cough, and consumption trips him up.

Don't neglect little ailments. Keep the system up to the point of effectual resistance against disease. This is best done by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, cures all disorders of the organs of digestion and nutrition, except cancer of the stomach, purifies the blood, increases the vital energy and so enables the body to resist and throw off disease. Even when there is emaciation, weakness, hectic, cough, bleeding at the lungs and other alarming symptoms, "Golden Medical Discovery" can be counted on to help every time and to heal 98 times out of every hundred.

Sick people can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, without fee or charge. Every letter is read in private, and treated as a sacred confidence. All replies are sent in plain envelopes.

Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house," says Mrs. G. E. Kerr, of Fort Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better; I took five bottles of it and have not yet had any return of the trouble."

Headache is cured by using Dr. Pierce's Pleasant Pellets.

WILL REBUILD THE CONVENTION HALL

BUSINESS MEN OF KANSAS CITY RISE TO EMERGENCY.

Raise Cash For Its Reconstruction While the Building is Being Laid in Ruins—It Will Be Ready July Fourth—No Delay For Delegates and Visitors.

Kansas City, April 5.—"We will hold the democratic national convention in Kansas City and we will have a convention hall ready by July 4." This positive declaration reads this morning by J. J. Swafford, chairman of the convention committee, is a sample of the determination of the business men of Kansas

THE CONVENTION HALL, KANSAS CITY.

City that the destruction of the convention hall by fire yesterday shall not interfere with the democratic national gathering.

A meeting of the directors of the convention hall was held this morning. It was feared there would be difficulty in securing steel for rebuilding, but the western agent of the Carnegie company guaranteed the delivery of structural steel in time for completion of the building for the convention. He promised that the convention hall order would be put ahead of everything else. Contractors say that if they get the steel they will complete the building on time.

The new building will be built on the old foundation and will follow the general lines of the old plan. It will, however, be made practically fireproof. There will be only minor changes in arrangement. The cost will be approximately \$260,000.

Work was begun at 7 o'clock this morning with an army of men and teams. Several directors wanted to begin work last night but it was found impossible to cool the ruins sufficiently without flooding the basement, which would delay work more than hasten it. Two and possibly three relays of men will be kept at work night and day. The directors realize that they will have to pay big wages in the present state of the labor

market, but they stand ready to do it.

It is thought there will not be any trouble with convention hall work, even if the threatened building trades strike materializes. Any union which delays work on the convention hall by a sympathetic strike will find itself short on sympathy from the Kansas City public.

SIX INJURED IN A WRECK.

Omaha & St. Louis Train Goes Into a Ditch at Silver City, Ia.

Silver City, Ia., April 5.—The north-bound passenger train on the Omaha & St. Louis road jumped the tracks about half a mile south of town. The whole train went into the ditch. The following were injured:

Mrs. T. Skahill, Imogene, Ia., serious; Mrs. Thomas Keenan, Imogene, Ia., slight; S. Z. Ettinger, postal clerk, bruised; Mr. McKee, Maryville, Mo., hand cut and other injuries; Cooper, postal clerk, bruised; Harris, postal clerk, bruised.

The rear coach left the track, turned over and took everything else with it except the engine and Pullman. All of the cars turned over on their sides and all the passengers were severely shaken up. The cause of the accident is unknown. The damage will not be heavy. The track was cleared by night.

LIGHT BREAKS ON BELLEVILLE.

Twenty-five Policemen Are Promptly Suspended.

Belleville, Ill., April 5.—As a result of Mayor Fredericks discharging the entire force of twenty-five policemen and ordering the suspension of the city light and water service, Belleville was entirely without police, fire and lighting protection a night and a day, but fortunately no serious results followed. One shooting affray occurred, however, in which Joseph Bevenue fired half a dozen shots at Maurice Hopkins, but failed to wound him. Bevenue escaped.

"Oh, Dat Watermelon."

A solicitor in a Georgia court relates that he once overheard a conversation between his cook and a nurse, who were discussing a recent funeral of a member of their race, at which there had been a great profusion of flowers. The nurse said: "When I die don't plant no flowers on my grave, but plant a good old watermelon vine, and when it gets ripe you come dar and don't you eat it, but jes' bust it on de grave and let dat good old juice dribble down through de ground."

Nothing Left but a Big Hole.

Two storage magazines located on the Stout farm, six miles east of Wells, N. Y., containing 3,200 pounds of nitroglycerine, exploded with a report that was heard forty miles away and thought to be an earthquake. Where the big magazine stood there is a hole in the frozen earth five feet deep and forty feet across.

NEW CRIMES IN THE CALENDAR

Man's Lawless Ingenuity Is Giving the Courts Added Trouble.

Under the laws of the land as they exist at present the theft of a lamp is larceny; it may be a Roman lamp or a Greek lamp, an oil lamp or an electric lamp. Whether it constitutes grand larceny or petit larceny will in certain states of the union depend not upon its age or newness, but upon its market value. On the other hand there are a great number of modern crimes which could not have been committed in ancient days because the instruments for their perpetration did not exist. They are the outcome of modern civilization and they require new legislation. The tapping of a telegraph wire is a modern form of highway robbery. In the old days the method was to waylay the courier on the road and to rob him of his purse or of his message. The formula of the modern highwayman is not "Stand and deliver," but simply "Deliver." And he may get a message from the lightning courier which may be worth more to him than a well-filled purse. But there is nothing to be gained by indiscriminate tapping. It is some special message or information that the thief is looking for, possibly for its effect on the stock market or on other business ventures, but the use of cipher codes renders the tapping of telegraph wires of little avail even in time of war, unless the code as well as the message has been stolen. For the tapping of power or light lines the modern highwayman comes in out of the rain. He can do his business better indoors by attacking the electric meter, confusing its calculations and thus getting more current than he pays for. Such at least seems to be the implication of recent statutes.

MAY SHUT OUT COLONIES.

Peck Thinks They Should Not Exhibit at Paris.

Washington, April 5.—Commissioner General Peck has suggested to Secretary Hay the advisability of excluding the American dependencies from participation in the American exhibit at the Paris exposition. Mr. Peck bases the exclusion upon the prospective delay in the installation of exhibits from these several islands and in the case of Hawaii and the Philippines intimate that fear of bubonic plague may cause the French government some uneasiness. It is likely that the department will concur in Mr. Peck's suggestion.

Shot Four Men and Escaped.

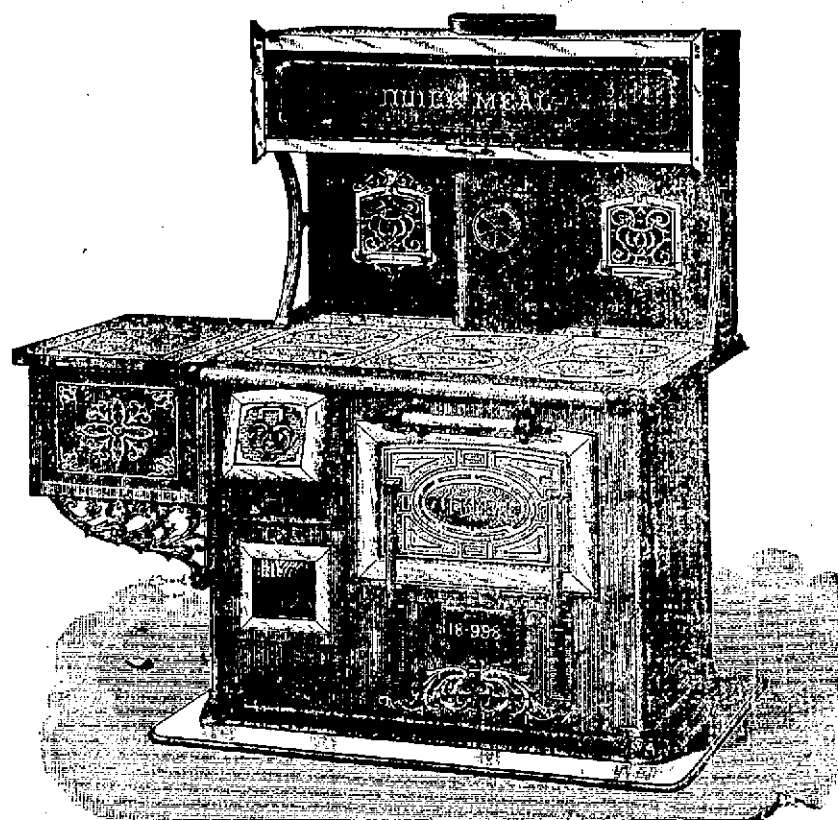

Wagoner, I. T., April 5.—Tom Gaylor, while drunk and disorderly, shot Night Watchman Humphreys, Dick Ketcher and two men named Brown and Scott. Humphreys is not expected to live. Gaylor is still at large.

Spring and Summer Styles.

JUVENILE DEPARTMENT.

OUR Boys' Clothing Department has ever been the most interesting place in town for parents and boys. Our efforts in the preparation of our stock for the forthcoming season have been crowned with unqualified success. Good taste, exclusive style, snap and serviceability mark every garment in our juvenile department. From the beautiful fancy suits for little boys of 3 to 8 years of age, to the tasteful patterns in Cheviots, Cassimeres, Tweeds and Worsted for the big boys and young men, ages 14 to 19 years

There isn't a Garment to which you can take the slightest exception, . .

either in style, quality or price. The question of price has been settled, we believe, to your satisfaction long ago. Nothing that we offer can be sold, quality considered, as cheaply by any other house in town. Bring your boys, big and little, tomorrow,
